

2 DAY WHISKY TOUR

FROM GLASGOW

Day 1	<p>Your driver will collect you this morning and you will travel out of the city to Auchentoshan Distillery, one of the rare triple-distilled single malts in Scotland. The new spirit is the highest distillate of any single malt distillery in Scotland. When you taste it, strong notes of fruit and citrus are revealed because they have distilled away all the impurities in the liquid. Take The Classic Tour at the distillery with one of their informative guides before sampling a dram. Now travel north of Stirling where you may wish to stop for refreshments at The Red Lion Inn, a 200 year old coach house situated in the heart of the village of Doune before visiting the Deanston Distillery. Take the Deanston Classic Tour and through their experienced tour guides, see how they evolved from an 18th century cotton mill to a whisky distillery producing our distinctive Single Malt Whisky which is sweet and fruity with a malty honeyed spiciness on the palate. Enjoy the guided tour and a dram of their Deanston 12yo Highland Single Malt and a dram of Deanston Virgin Oak. Continue north to reach Crieff and your overnight accommodation at Knock Castle Hotel located on the western edge of the historic Perthshire market town with panoramic views of beautiful woodlands and the Perthshire hills. Overnight Knock Castle, Crieff – Dinner included.</p>
Day 2	<p>This morning's first visit is to the Glenturret, (Famous Grouse), Distillery, to take the Experience Tour to see first-hand how they make the Glenturret single malt. Enjoy a guided tour of the oldest working distillery in Scotland and see how The Glenturret Highland Single Malt is produced, still using the traditional methods and equipment. Watch the BAFTA award winning interactive show and sample 2 drams, one of The Glenturret Highland Single Malt made in small quantities by traditional methods at the distillery, and one other taste from The Famous Grouse range of The Black Grouse, The Snow Grouse or The Naked Grouse. Travel south towards Stirling where you may wish to stop for refreshments at The Birds and Bees Restaurant where they serve award winning food before continuing to Glengoyne Distillery, (included), where you will create your very own blended whisky. After a dram of their 12 year old and an entertaining distillery tour you will go to their unique Sample Room to learn the dark art of the Master Blender. Taste Langs Select blended whisky and award winning Glengoyne 18 year old Single Highland Malt and create your very own blend of whisky which will be bottled in a 100ml sample bottle for you to take home, along with a certificate. Return to Glasgow.</p>

Admissions to sights and attractions are **not** included, (unless otherwise stated), as there may be changes made to the itinerary.
